Section 1:
Executive Summary

DirectionFinder® Survey

Executive Summary Report

Overview of the Methodology

Leisure Vision administered the *DirectionFinder*® survey for the City of Sequim during June and July of 2011. The purpose of the survey was to assess citizen satisfaction with the delivery of major city services and help establish the future direction of the City. The survey was designed to obtain statistically valid results from households throughout the City of Sequim. The survey was administered by a combination of mail and phone.

In June, a seven-page survey was mailed to a random sample of 1,500 households throughout the City of Sequim. Approximately three days after the surveys were mailed, each household that received a survey also received an automated voice message encouraging them to complete the survey. In addition, about two weeks after the surveys were mailed Leisure Vision began contacting households by phone. Those who indicated they had not returned the survey were given the option of completing it by phone.

The goal was to obtain a total of at least 300 completed surveys. This goal was far exceeded, with a total of 430 surveys having been completed. The results of the random sample of 430 households have a 95% level of confidence with a precision of at least +/- 4.7%.

Interpretation of “Don’t Know” Responses. The percentage of persons who provide “don’t know” responses is important because it often reflects the level of utilization of city services. The percentage of “don’t know” responses has been excluded from the graphs in this report to facilitate valid benchmarking comparisons with other communities that have conducted the survey. The number of “don’t know” responses for each question is provided in the Tabular Data Section of this report.

The following pages summarize major survey findings.

Major Survey Finding

Overall City Services

- **Overall Quality of City Services.** The major categories of City services with the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: police services (79%), City parks (76%), trash, recycling, and yard waste collection services (69%), and City water and wastewater services (66%).
- **Most Important Services for the City to Provide.** Based on the sum of their top three choices, the major City services that residents feel are most important for the City to provide are: police services (69%), City water and wastewater services (40%), land use planning and regulations (26%), and trash, recycling, and yard waste collection services (22%).

Code Enforcement

- **Satisfaction with Code Enforcement.** The highest levels of satisfaction with code enforcement, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: enforcement of animal control (48%) and clean up of junk, debris, graffiti (48%).
- **Most Important Code Enforcement Services for the City to Provide.** Based on the sum of their top two choices, the code enforcement services that residents feel are most important for the City to provide are: clean up of junk and debris of private property (54%) and clean up of junk, debris, graffiti (45%).

Public Works

- **Satisfaction with Public Works.** The public works services with the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: condition of City parks (77%), mowing/trimming along City streets and other public areas (70%), street sweeping (69%), and maintenance of major City streets (69%).
- **Most Important Public Works Services for the City to Provide.** Based on the sum of their top two choices, the public works services that residents feel are most important for the City to provide are: maintenance of major City streets (56%), traffic flow in the City (30%), and maintenance of streets in your neighborhood (20%).

Public Safety

- **Satisfaction with Public Safety.** The public safety services with the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: quality of local police protection (76%), City’s efforts to prevent crime (65%), and visibility of police patrols in neighborhoods (65%).
- **Most Important Public Safety Services for the City to Provide.** Based on the sum of their top three choices, the public safety services that residents feel are most important for the City to provide are: quality of local police protection (58%), City’s efforts to prevent crime (58%), and enforcement of drug laws (52%).
- **Interaction with Police Employees.** Forty-one percent (41%) of residents have come in contact with police employees during the past 12 months. Of the 41% of residents that have come in contact with police employees, 88% were very or somewhat satisfied with the courteousness of the police, and 84% were very or somewhat satisfied with the professionalism of the police.
- **Level of Safety.** Ninety-five percent (95%) of residents feel either very safe or somewhat safe in their neighborhood during the day, and 87% feel either very safe or somewhat safe in their neighborhood at night. Eighty-eight percent (88%) of residents rated their overall level of safety in Sequim as very safe or somewhat safe.

Transportation

- **Satisfaction with Transportation.** The transportation services with the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: availability of sidewalks on major streets (73%), availability of sidewalks near schools or school walking routes (65%), and availability of public transportation (60%).
- **Transportation Items that Should Receive the Most Emphasis from the City.** Based on the sum of their top two choices, the transportation items that residents feel should receive the most emphasis from City leaders over the next two years are: availability of public transportation (41%), availability of sidewalks near schools or school walking routes (33%), and availability of pedestrian walkways (33%).

Traffic

- **Satisfaction with Traffic.** The traffic services with the highest levels of satisfaction, based upon the combined percentage of “very satisfied” and “satisfied” responses among residents who had an opinion are: traffic flow in and around your neighborhood (73%), traffic flow on state roads and Highway 101 (67%), and ease of north/south travel in Sequim (61%).
- **Traffic Items that Should Receive the Most Emphasis from the City.** Based on the sum of their top two choices, the traffic items that residents feel should receive the most emphasis from City leaders over the next two years are: ease of east/west travel in Sequim (41%), City managing traffic throughout the City (38%), and City managing traffic congestion (36%).
- **Traffic Compared to Five Years Ago.** Fifty percent (50%) of residents feel the traffic in Sequim is getting worse compared to five years ago, 28% feel it’s staying the same, and 11% feel it’s getting better. The remaining 11% indicated “don’t know”.

Quality of Life

- **Sequim as a Place to Live, Work, and Raise Children.** Ninety-two percent (92%) of residents rated Sequim as an “excellent” or “good” place to live. In addition, 85% of residents rated the overall quality of life in Sequim as “excellent” or “good”, and 85% rated Sequim as an “excellent” or “good” place to retire.
- **Quality of Life Since Living in Sequim.** Forty-three percent (43%) of residents feel the quality of life has stayed the same since they have lived in the City of Sequim. Thirty percent (30%) of residents feel the quality of life has gotten better, 19% feel the quality of life has gotten worse, and 8% indicated “not sure”.
- **Level of Agreement with the City Moving in the Right Direction.** Forty-three percent (43%) of residents agree that the City of Sequim is moving in the right direction, compared to 23% who disagree that the City is moving in the right direction. The remaining 34% indicated “neutral”.

Vision for the Future of Sequim

- **Level of Agreement with Statements Regarding Sequim’s Future.** The statements that the highest percentage of residents “strongly agree” or “agree” with regarding Sequim’s future are: improve congested/unsafe intersections (74%), more activities for teenagers (67%), and more sidewalks, paths, and trails (62%).
- **Statements That Best Represent Residents’ Vision for the Future.** Based on the sum of their top four choices, the statements that residents feel best represent their vision for the future of Sequim are: improve congested/unsafe intersections (48%), more activities for teenagers (38%), and more sidewalks, paths, and trails (38%).

Capital Improvement Projects

- **Level of Support for Capital Improvement Projects.** The capital improvement projects that the highest percentage of residents are “very supportive” or “somewhat supportive” of the City completing are: improve streets (84%), reduced traffic congestion (77%), improve accessibility for the disabled (71%), and improve downtown public spaces (68%).
- **Most Important Capital Improvement Projects.** Based on the sum of their top four choices, the capital improvement projects that residents feel are most important for the City of Sequim to undertake are: reduce traffic congestion (49%), improve streets (46%), improve downtown public spaces (33%), and develop additional pathways/sidewalks (30%).
- **Paying Higher Taxes and Fees for Capital Improvement Projects.** Forty-six percent (46%) of residents would not pay higher taxes and fees for the capital projects they feel are most important for the City to undertake, compared to 22% who would pay higher taxes and fees for the projects. The remaining 32% indicated “not sure”.

Other Findings:

- The most frequently mentioned sources from which residents currently get information about the City of Sequim are: Sequim Gazette (65%), Peninsula Daily News (64%), and utility billing newsletter (60%).
- Forty-three percent (43%) of residents have contacted the City during the past year. Of the 43% of residents that have contacted the City, 78% felt that the service they received was “excellent” or “good”.

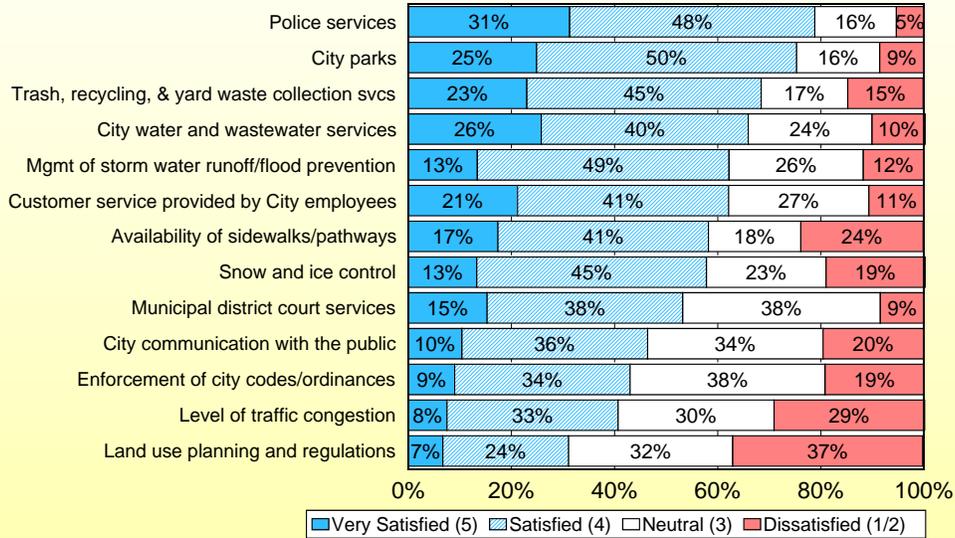

- Twenty-seven percent (27%) of residents are satisfied with the efforts of City leaders in managing the finances of the City, compared to 25% who are dissatisfied with the efforts of City leaders in managing the finances of the City. The remaining 48% of residents indicated “neutral”.

- Thirty-three percent (33%) of residents rated the value of services received from City taxes as “excellent” or “good”, compared to 15% who rated the value of services received as “below average” or “poor”. The remaining 43% of residents indicated “neutral”.

Section 3:
Benchmarking Comparisons

DirectionFinder® Survey

Benchmarking Summary Report

Overview

Leisure Vision/ETC Institute's *DirectionFinder* program was originally developed in 1999 to help community leaders across the United States use statistically valid community survey data as a tool for making better decisions. Since November of 1999, the survey has been administered in more than 210 cities and counties in 43 states.

This report contains benchmarking data from three sources: (1) a national survey that was administered by Leisure Vision/ETC Institute to a random sample of more than 4,000 U.S. residents in May and June 2011, (2) a survey that was administered to 432 residents in the Northwest Region of the U.S. in May 2011, and (3) surveys that have been administered by Leisure Vision/ETC Institute in 20 small to medium sized communities (population of less than 199,999). The 20 communities represented in this report include:

- Auburn, Alabama
- Blue Springs, Missouri
- Bridgeport, Connecticut
- Burbank, California
- Casper, Wyoming
- Columbia, Missouri
- Independence, Missouri
- Kansas City, Kansas
- Lawrence, Kansas
- Lee's Summit, Missouri
- Lenexa, Kansas
- Manhattan, Kansas
- Naperville, Illinois
- Olathe, Kansas
- Overland Park, Kansas
- Peoria, Arizona
- Prairie Village, Kansas
- Palm Desert, California
- Shoreline, Washington
- West Des Moines, Iowa

Local and National Benchmarks. The first set of charts on the following pages show how the overall results for Sequim compare to the average level of satisfaction for the Northwest region and the U.S. national average based on the results of a 2011 survey that was administered by Leisure Vision/ETC Institute to a random sample of more than 4,000 U.S. residents.

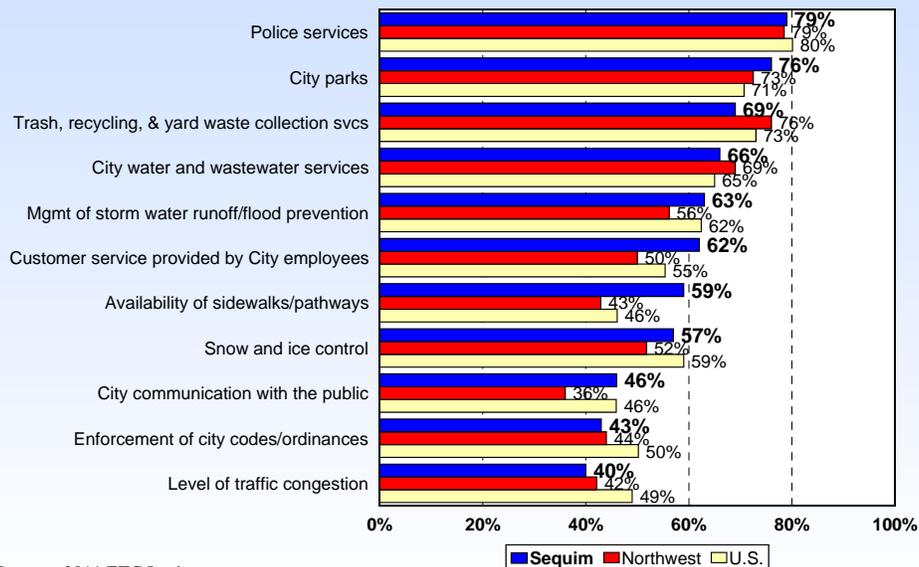

Small to Medium Sized Community Benchmarks. The second set of charts show the highest, lowest, and average (mean) levels of satisfaction in the 20 communities listed above for more than 20 areas of service delivery. The mean rating is shown as a vertical line, which indicates the average level of satisfaction for the small and medium sized communities. The actual ratings for Sequim are listed to the right of each chart. The dot on each bar shows how the results for Sequim compare to the other small and medium sized communities where the DirectionFinder® survey has been administered.

Section 4:
Importance-Satisfaction Analysis

Importance-Satisfaction Analysis

Sequim, Washington

Overview

Today, city officials have limited resources which need to be targeted to activities that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that cities will maximize overall citizen satisfaction by emphasizing improvements in those service categories where the level of satisfaction is relatively low and the perceived importance of the service is relatively high.

Methodology

The rating is calculated by summing the percentage of responses for items selected as the first, second, and third most important services for the City to emphasize over the next two years. This sum is then multiplied by 1 minus the percentage of respondents that indicated they were positively satisfied with the City's performance in the related area (the sum of the ratings of 4 and 5 on a 5-point scale excluding "don't knows"). "Don't know" responses are excluded from the calculation to ensure that the satisfaction ratings among service categories are comparable. [IS=Importance x (1-Satisfaction)].

Example of the Calculation. Respondents were asked to identify the major categories of maintenance services they thought should receive the most emphasis over the next two years. Thirty-two percent (32%) selected the adequacy of City street lighting as one of the most important maintenance issues to emphasize over the next two years.

With regard to satisfaction, 52% of residents rated their satisfaction with the adequacy of City street lighting as a "4" or a "5" on a 5-point scale (where "5" means "very satisfied") excluding "Don't know" responses. The I-S rating for the adequacy of City communication with the public was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example, 15% was multiplied by 54% (1-0.46). This calculation yielded an I-S rating of 0.0812, which ranked 6th out of 13 overall city services.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an activity as one of their top choices to emphasize over the next two years and 0% indicated that they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either one of the following two situations:

- if 100% of the respondents were positively satisfied with the delivery of the service
- if none (0%) of the respondents selected the service as one of the three most important areas for the City to emphasize over the next two years.

Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from .10 to .20 identify service areas that should receive increased emphasis. Ratings less than .10 should continue to receive the current level of emphasis.

- Definitely Increase Emphasis ($IS \geq 0.20$)
- Increase Current Emphasis ($0.10 \leq IS < 0.20$)
- Maintain Current Emphasis ($IS < 0.10$)

The results for Sequim are provided on the following pages.

Importance-Satisfaction Rating

City of Sequim

OVERALL

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank

The "Most Important" percentage represents the sum of the first and second most important responses for each item. Respondents were asked to identify the items they thought should receive the most emphasis over the next two years.

Satisfaction %:

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding "don't knows". Respondents ranked their level of satisfaction with the each of the items on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

Importance-Satisfaction Rating

City of Sequim

TRAFFIC

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
<u>Very High Priority (IS >.20)</u>						
Ease of east/west travel in Sequim	41%	1	44%	5	0.2296	1
City managing traffic congestion	36%	3	42%	6	0.2088	2
<u>High Priority (IS .10-.20)</u>						
City managing traffic throughout the City	38%	2	50%	4	0.1900	3
<u>Medium Priority (IS <.10)</u>						
Traffic flow on state roads & Hwy 101	29%	4	67%	2	0.0957	4
Ease of north/south travel in Sequim	18%	5	61%	3	0.0702	5
Traffic flow in & around your neighborhood	12%	6	73%	1	0.0324	6

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

Most Important %:

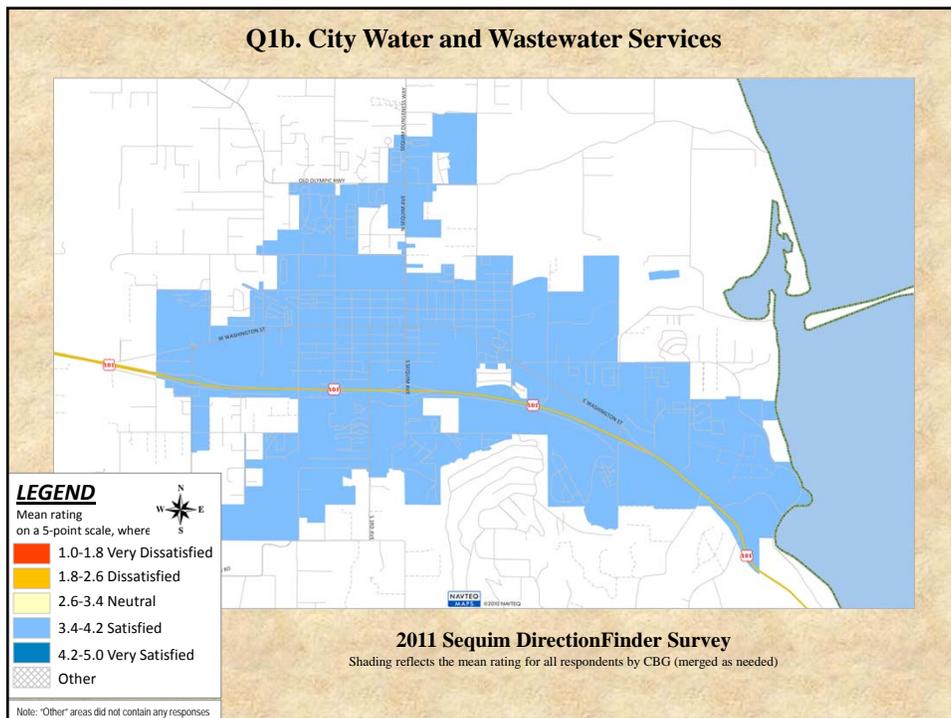

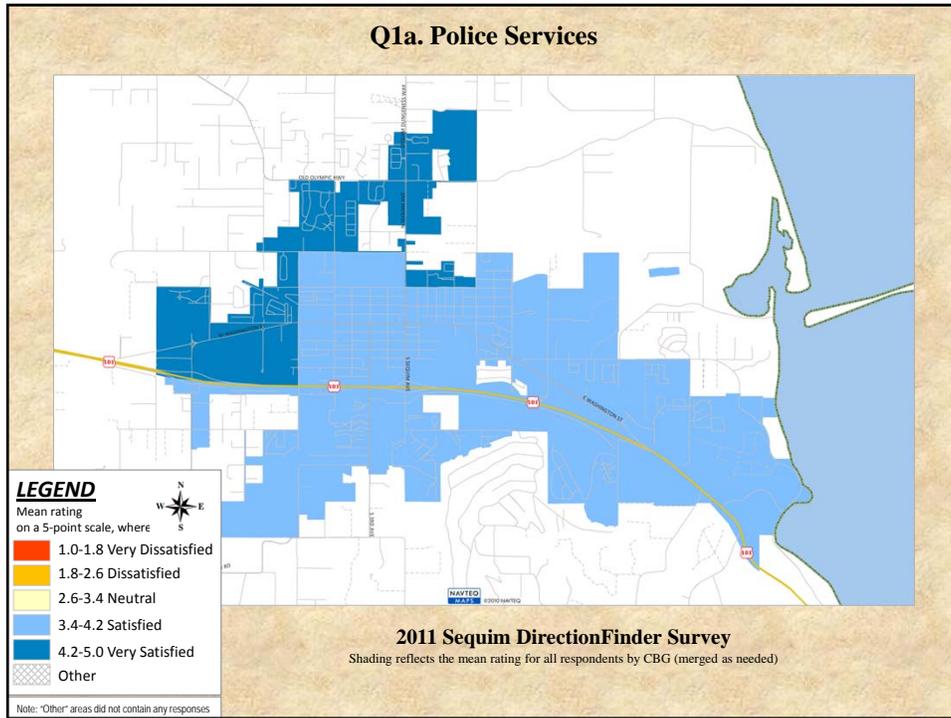

The "Most Important" percentage represents the sum of the first, second, and third most important responses for each item. Respondents were asked to identify the items they thought should receive the most emphasis over the next two years.

Satisfaction %:

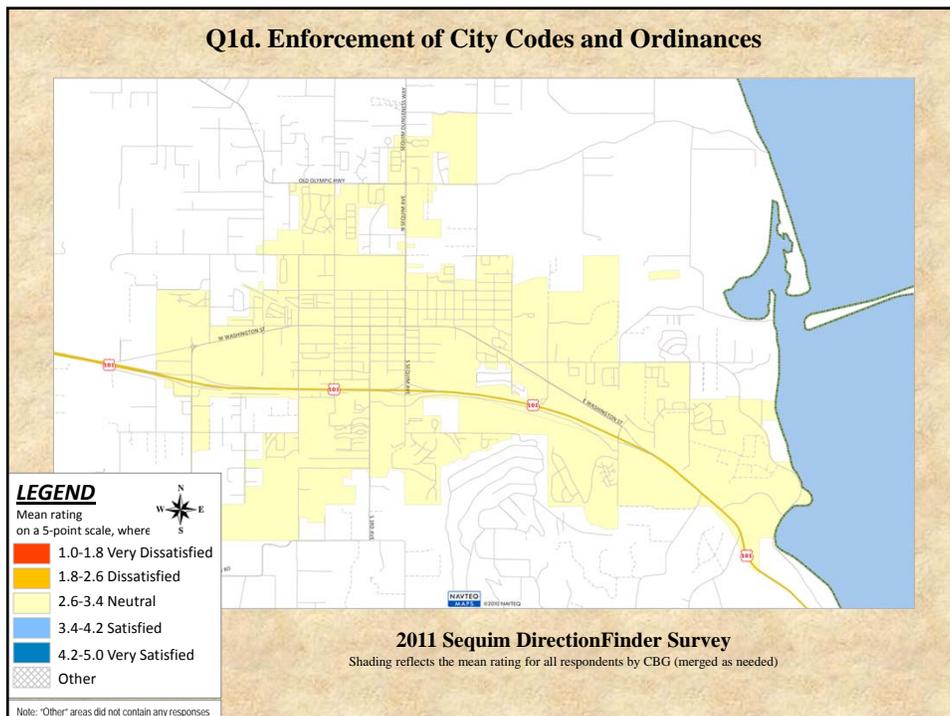

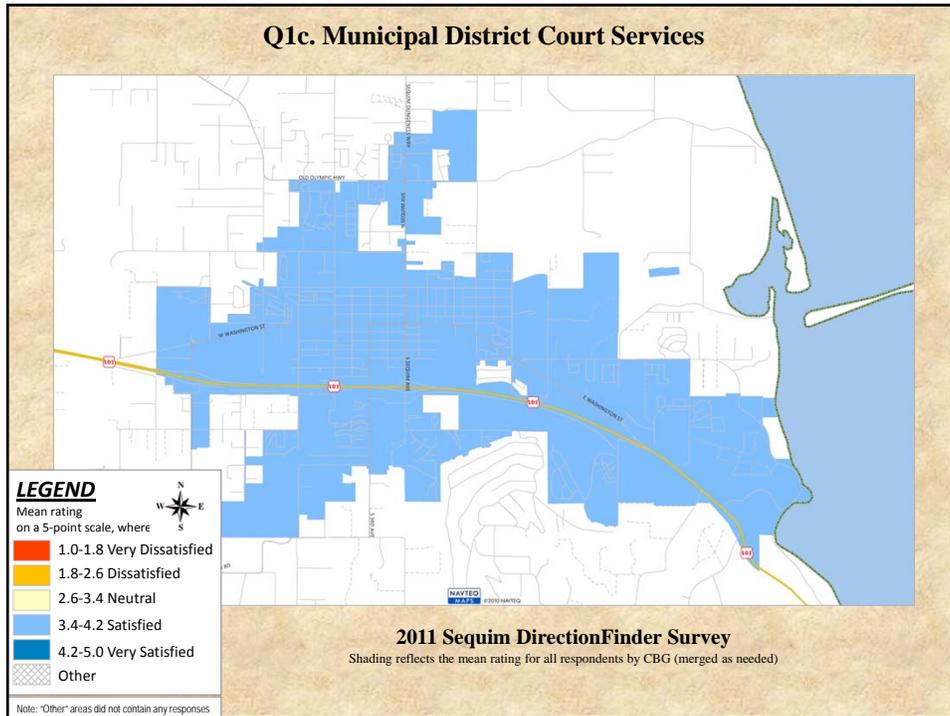

The "Satisfaction" percentage represents the sum of the ratings "4" and "5" excluding "don't knows". Respondents ranked their level of satisfaction with the each of the items on a scale of 1 to 5 with "5" being very satisfied and "1" being very dissatisfied.

Survey Instrument

152 West Cedar Street Sequim, WA 98382
City Hall (360) 683-4139 FAX (360) 681-3448
Public Works (360) 683-4908 FAX (360) 681-0552

Dear Sequim Resident:

Your response to the enclosed survey is extremely important...

The City of Sequim is conducting a survey of our citizens to determine if they are satisfied with the services we provide and to help establish the future direction of the City. In order to ensure that the City's priorities are aligned with the needs of our residents, we need to know what you think.

Your household was one of a limited number selected at random to receive this survey, and it is very important that you participate.

We greatly appreciate your time...

We realize that this survey takes some time to complete, (approximately 10 to 15 minutes) but every question is important. The time you invest in this survey will influence dozens of decisions that will be made about the City's future. Your responses will help the City Council gauge the success of its efforts to carry out the community's vision for the City of Sequim and to address the many opportunities and challenges facing our community.

Please complete and return your survey within the next two weeks...

We have selected ETC Institute to administer this survey. ETC Institute will present the results to the City in the month of July. Your responses will remain confidential. Please return your survey in the enclosed postage-paid envelope addressed to ETC Institute, 725 W. Frontier Circle, Olathe, Kansas, 66061.

If you have any questions, please call Barbara Hanna at the City of Sequim. Her telephone number is 681-3422. Thank you for taking the time to let your voice be heard.

Sincerely,

Ken Hays, Mayor
City of Sequim

Steve Burkett, City Manager
City of Sequim

2011 Sequim Community Survey

Please take a few minutes to complete this survey. Your input is an important part of the City's on-going effort to improve the quality of city services. If you have questions, please contact Barbara Hanna, Communications and Marketing Manager at 360-681-3422
