Date: March 16, 2017

Policy Issues	
Topic	Resolution/Action/Notes
Update on state legislative advocacy	
City Manager weekly updates	
Liability for skate boarding	
The Mayor covered recent new construction and leasing, particularly new and expanded businesses in town.	He also discussed the eastern Economic Opportunity Area and our work to do subarea planning there to help stimulate further economic development.
We discussed growth and keeping a small town friendly city	
We discussed street maintenance and reconstruction, including private streets.	

Operational Issues	
Topic	Resolution/Action/Notes
Scott broom removal	Where do you put removed scotch broom? This would be a good newsletter topic for the future. (Public Works to follow-up with Barb Hanna in Communications)
PW Updated on summer construction projects	

Waste Management	<p>Science teacher, has California experience with what they did</p> <ul style="list-style-type: none"> • OK with every other week pick up • Seems counter-productive to get things out of the waste stream • Land fill – more going there than needed • Green waste services needed • Staff responded to the questions with information about Port Angeles transfer station and our hauler contract – home compost, consideration for future hauler contracts consistent with our Council priority • There are some private options as well for cost in the area for green waste
Request for tours of city facilities, like the Water Reclamation Facility
