

An idea to improve life in Sequim...

Project: Festive Holiday Bells

Materials: \$35,000

Installation: \$4,000

Project Administration: \$11,600

Total Cost: \$50,600

Locations: 50 on Washington Street

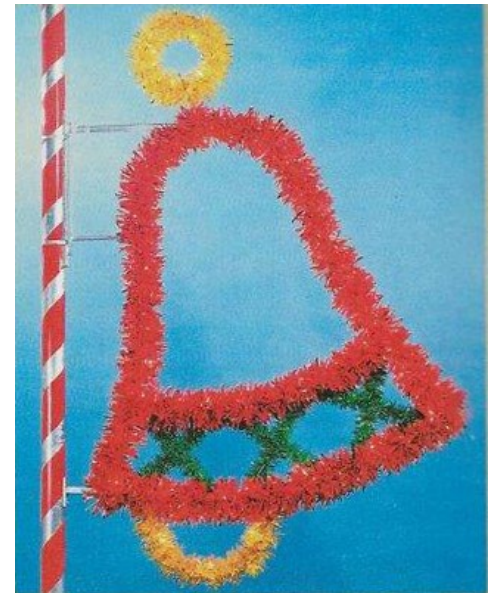

At the Civic Center (152 W. Cedar St.)

May 3 from 5-8pm

May 4 from 9am-4pm

May 6 & 7 from 7:30am-4pm

What will the project do?

Purchase new holiday decorations for the City of Sequim: 50 brand new 8 ½ foot bells to display on street poles. These bells would extend the decorations on both ends of Washington Street, replacing 28 existing bells which have served the City since 1981!

How will it improve the City of Sequim?

Expands festive cheer along our main corridor during the holiday season. Updates decorations while honoring our 40 year tradition of holiday bells.
