2023 City of Sequim Community Survey
Executive Summary: *Non-City Residents Only*

Purpose

ETC Institute administered a community survey for the City of Sequim in December 2023. The purpose of the survey was to gather feedback from residents on City programs and services. The information collected will be used to help guide decisions that will influence the future of Sequim's municipal services.

Methodology

A seven-page survey was mailed to all households in the City of Sequim. The mailed survey included a postage-paid return reply envelope and a cover letter. The cover letter explained the purpose of the survey, encouraged residents to return their surveys in the mail, and provided a link to an online survey for those who preferred to complete the survey online.

In addition to mailing the survey to all households in the City, the survey was also made available and promoted online for households outside of the City limits. A total of 122 households outside of the City limits completed the survey online. On the following pages are the survey results for those 122 non-City households that completed the survey.

Q1. Community Livability. Thinking of the general quality of life in Sequim, please rate each item on a scale of 1 to 5, where 5 means "Very Satisfied" and 1 means "Very Dissatisfied."

(N=122)

	Very satisfied	Satisfied	Neutral	Dissatisfi-ed	Very dissatisfi-ed	Don't know
