

Ty, share this with the concrete crew. Great job! This is why we're here.

No response needed David. Just wanted to thank you again for the help on N. 7th Ave. Your crew was out here again and leveled the sidewalks on both sides of the street for the entire neighborhood. This was in response to a call to Ty concerning a resident in her mid seventies stumbling on the uneven sidewalk. Thankfully she did not hit the ground. The neighbors have noticed the improvement and really appreciate it. Thanks again for the quick response to correct a safety hazard for us old folks. Please pass along our thanks to everyone.
